

Governor's School for Science, Math and Technology

Information Meeting and Q&A *for Prospective Students and Parents/Guardians*

Mountain Vista Governor's School (MVGS) is a regional program for academically talented and highly motivated 10th, 11th, and 12th grade students. Science, mathematics, humanities, and research courses are uniquely integrated to provide a college-level, project-based learning environment.

Prospective students and parents/guardians are invited to attend an MVGS Information Meeting. Faculty and staff will be present to discuss the MVGS program and answer questions.

MVGS Information Meeting

January 25, 2023, at 6:30 PM

Join Zoom Meeting: <https://vccs.zoom.us/j/82642629945>

Meeting will be recorded and posted to the MVGS webpage

Applications for admission to MVGS are now available in the school counseling office at the base high schools or on the school division website. Completed applications are due in the student's school counseling office no later than March 3.

For more information about MVGS, please visit our website at www.mvgshome.org or call 540-347-6237.
