If a school division is open and MVGS is closed, students are responsible for MVGS web-based instruction. Students should report to their base high school for lunch/afternoon classes. Students who do not have transportation may ride the bus to the base high school in the morning and check with the counseling department about where to report.

If a school division is closed and MVGS is open, students are not required to attend MVGS. A student may choose to attend MVGS; however, the school division may not provide transportation. Students are responsible for missed work.

As soon as we know of a delay or closing, we will send out parent and student emails and post information on our web page at www.mvgshome.org and on our social media accounts. MVGS may be closed due to the Director's discretion.

Regardless of emergency closings, students and parents should use their best judgment as to whether or not it is safe to travel.
